Baseline Document Change Announcement

Subsection 909.10 Topsoil.

BDC02S-06

March 20, 2002

Subject: Revision to the English and Metric 2001 Standard Specifications for Road and Bridge Construction, Subsection 909.10 Topsoil.

The English and Metric 2001 Standard Specifications for Road and Bridge Construction are revised to include a change to Subsection 909.10 Topsoil.

The revision is incorporated in Standard Inputs SI2001E1 and SI2001M1 as follows:

909.10 Topsoil.

A. Unacceptable Topsoil Sources.

ITEM 1. IS CHANGED TO:

1. Soils having less than 4.1 pH value, or greater than 8.0 pH value.

Instructions to Designers

The above specification revision shall be included for all Department projects that have been designed using the English or Metric 2001 Standard Specifications for Road and Bridge Construction. The specification revision has been incorporated in Standard Inputs SI2001E1 and SI2001M1, updated as of March 20, 2002. SI2001E1 and SI2001M1 can be accessed from the following New Jersey Department of Transportation Web Page:

<http://www.state.nj.us/transportation/cpm/StandardInputs/standardinputs.htm>

Distribution and Announcement Access Information

This announcement is being distributed electronically to our in-house staff and various public agencies based on the Standard Specifications distribution list maintained by the Engineering Documents Unit.

Internet access to this BDC Announcement along with the necessary files and web links can be viewed and downloaded from the following New Jersey Department of Transportation Web Page:
